

North Island west coast

The interim relief decision permits the following exceptions to the set net prohibition on the North Island west coast:

- a) Set setting (for rig and school shark) by commercial fishers during the period 1 October to 24 December (inclusive) in the following areas:
 - i) in waters lying between 4 and 7 nm from the mean high-water mark that extends from Maunganui Bluff to Pariokariwa Point (excluding the waters lying within 7 nm to the seaward of the baseline commencing from a point on the north head of the Manukau Harbour and running south to a point north of the Waikato River mouth); and
 - ii) in the waters lying in the area which extends the existing prohibition on set netting in the entrance to the Manukau Harbour deeper into the Harbour, provided that such commercial fishers use such set nets to target only rig and/or school shark; and set and haul their set nets during the period commencing half an hour before sunrise and ending half an hour after sundown.
- b) Set netting (for mullet), in the area which extends the existing prohibition on set netting by commercial fishers in the entrance to the Manukau Harbour deeper into the harbour, **provided** that any such commercial fishers:
 - only target mullet;
 - stay continuously in the vicinity of their ring nets while they are ring netting; and
 - shoot and haul their ring nets during the period commencing half an hour before sunrise and ending half an hour after sundown.
